Lite App Free, License key Iso 2 Global, Sobolsoft License Registration Key Keygen 198, Sobolsoft License Registration Key Keygen 198The invention relates to a cell-
containing core for a gyroscope, comprising a core body made up of a circular, cylindrical or spirally wound stack of a plurality of concentric core sheets and provided with inner and outer ends, in which a plurality of individual cells are located, each cell being formed between an outer and an inner core sheet. The invention also relates to a method
for manufacturing such a cell-containing core. Such a core is known, for example, from European Patent Application No. 0,253,563. It is particularly suitable for the production of a gyroscope in which a stationary core is employed to support a plurality of resonant vibrating elements. In this case, the resonant vibrating elements are arranged
substantially coaxially around the axis of the core, and these resonant vibrating elements together with the core form the torsion bar of the gyroscope. It is desirable to know the exact position of individual components in the
