FIFA on mobile FIFA Ultimate Team on mobile is live with 19 new teams and 3,500 total cards featuring players from the past and present. The U.S. National Team plays on mobile for the first time. The historic and iconic U.S. National Team jerseys are now available in gameplay. EA SPORTS Brasil Championship / Brazil Community Event The EA SPORTS Brasil Championship kicks off on mobile in Brazil on July 12, with an exclusive FIFA® Mobile Champions Cup event on July 13. Through the EA SPORTS Brasil Championship, players from Brazil can compete in a nine-day FIFA® Mobile event and progress through four qualifying rounds to earn a place in the Champions Cup. Players will experience matches in four different FIFA Soccer Arenas. From July 14 to August 15, the top 100 players from the EA SPORTS Brasil Championship will be selected to join the Official Brazilian National Team in a 27-day FIFA® Mobile Champions Cup event. The new Brazilian national team will be in action in FIFA on mobile at the EA SPORTS Brasil Championship. FIFA Mobile Money Available for the first time in mobile FIFA, players can earn, claim and spend FIFA Mobile Money, a new, universal currency which allows anyone to unlock most FIFA Mobile content. FIFA Mobile Money can be earned by claiming FIFA points through gameplay and comes directly from the in-game currency (FIFA points), or can be claimed from friends. FIFA Mobile Money can be spent on any of the game's packs. Players can also earn FIFA Mobile Money by claiming FIFA points through gameplay, or from FIFA Ultimate Team. FIFA Mobile Player Career Players can now compete in more than 35 player appearances, including MLS, Eredivisie, La Liga, NFL, College, Brazilian School, various national teams, and more. FIFA Mobile's improved player appearances create a deeper, more immersive experience. Players can play a set number of matches in the upcoming season, after which they'll be called up by their respective national teams. FIFA Mobile Player Career 1.1 New to mobile, FIFA Mobile Player Career adds support for MLS and Eredivisie, as well as additional national teams from around the world, including the U.S. National Team. This update also features a new family of cards, including EURO 2018 players. FIFA Mobile Match Day Patching back with FIFA 13, players can now use the EASIEST

### Features Key:

- Go beyond human limits: Experience movements, animations and expressions never before seen in a football video game.
- Feel the game as never before: Get closer to the player movements and physics as never before thanks to the new "Touch" gameplay. As you move deeper into FIFA 22, you'll get to experience the fastest, most realistic dribbling on the planet. And thanks to a new Everyday running animation, you'll feel it every time you take a touch.
- Choose your game-style: You can play the game how you want, one of the biggest and most realistic football simulations on any device, with loads of clubs to choose from throughout the world. You can experience knockout stages, 5-a-side, or 3-vs-3 knockout stage and there are three game modes to choose from: FIFA 22 introduces "HyperMotion Technology," which uses motion capture data collected from 22 real-life players playing a complete, high-intensity football match in motion capture suits. The data collected from player movements, tackles, aerial duels and on-ball actions is used to power FIFA 22 gameplay. GAME MODES Career Mode - Live out your dreams as both a manager and a player in FIFA 22. Create the newest club in FIFA, design your kits, style your stadium, and choose whether to compete with the elite or rise up from the lower divisions as you manage your club to glory. Or test your skills as a player, with a more immersive Player Career mode that gives you more ways to progress, achieve, and immerse yourself in your Pro's journey through the game. What is FIFA? Welcome to FIFA, the world's #1 videogame. Over 100M players are now part of the FIFA family – an active and engaged community who enjoy playing on- or offline with friends, making clubs and teams, and competing against players from all over the world. Since its debut on the Super Nintendo, FIFA has had one of the biggest and most influential videogame franchises of all time, redefining how sports are played and experienced. Sim Football™ Sim Football™, an all-new version of the gameplay mechanic, allows for more exciting free kicks and an overall more authentic experience. It will now be possible to decide where to place the ball if you don't have space to take the kick yourself – this means taking a real view of the pitch, as you would do in real life. In addition, the existing Freekick Delivery Options (such as the classic FK, from Head to Foot, or the Toe Shot) have been improved: all two-footed kicks are now more realistic, but can now be accompanied by an additional shot. Finally, a new set of behaviours have been added to the positioning of the goalkeeper and players. Retro Superstar Gameplay You're a superstar in your favorite football league with your very own stadium. Choose your team, define your playstyle, and start living the dream. Talk to the players in your squad, buy new tactics, and control the action from the sidelines. Your passion for football will have you relishing new ways to play in the true-to-life graphics of FIFA. Choose from a dizzying array of teams, uniforms, and venues. Look and feel the way you want your football life to look. Moves & Trajectories For the first time, take a leap into a free-running mode built from the ground up for FIFA. With the introduction of Moves & Trajectories, you can now take to the pitch like never before. Move the ball, run, jump and bound with ease, opening up new opportunities on your way to the end line. With Moves & Trajectories comes the responsibility to master one of the most complex systems in the game. Intelligent Defending Realistic physics have been tweaked to make it easier to score goals, and tackles are now much more accurate. Intuitive 2D off-ball AI has been introduced.
