. Reef4 Cstb Crack Reef4 Cstb CrackQ: JS: Loop over array, select the second object with value "true"  
Trying to loop over an array in jsfiddle, but need to select the second object with value true and try  
to log it. Here is my fiddle: A: var arr = [{ 'message' : '2', 'text' : 'true'}, { 'message' : '1', 'text' :  
'false'}]; if(arr[0] && arr[1]){ alert(arr[0].text + " + arr[1].text); } else if(arr[0]){ alert(arr[0].text); }  
else if(arr[1]){ alert(arr[1].text); } Q: Odd behavior of sound (FL) on iPad when recording screen I am  
trying to make a quick video from screen shots with FlipCam. I use Lightroom 2.3 with the FlipCam  
for iPad and made several screen shots of the same video as per the manual. Unfortunately, I notice  
that the first screen shots recorded (start with "Record" button pressed and Release) of sound are  
corrupted (missing). It looks like they only contain silence. I suspect that video is recorded in FL and  
then those video is converted to FL (and the sound is corrupted). Is there a way to fix this problem?  
FlipCam is not updated for iPad4 so i cannot use the new saving function of FlipCam. A: Yes, there is  
a way to fix that. You have to change the setting in "General" on FlipCamera App. Go to Menu ->  
General -> Recording Off This will fix it. Hope this helps! A spectacular triple rainbow remains the  
cap of this phenomenal string of phenomena. (Credit: Lisa Batza) RAINFALL COLD RAIN FORECAST  
SNOW FORECAST High winds, downpours, and potential for ice, sleet or snow mix into the next few  
days. The warm, moist air from the Gulf of Mexico will keep temperatures and rain totals in the area  
fairly moderate. 648931e174
